PHARMACY TECHNICIAN

The mission of the Pharmacy Technician Program is to train students for employment in retail and wholesale pharmacies, and home health care and long term care facilities. They will perform as pharmacy technicians or assistants under the direct supervision of the pharmacist. Students will learn to become skilled in medications, prescription preparation, reconstitution and IV preparation. They will also learn to establish and maintain patient profiles, packaging and equipment, and to perform administrative, communication, and inventory control duties. Clinical training is provided in all work environments. Upon completion of training, students will be prepared to take the Pharmacy Technician Certification Examination (PTCE). Students will receive hands-on experience using PioneerRx, a leading pharmacy software system. More information about this software is available at <https://www.pionerrx.com>.

Employment Opportunities:

- Pharmacies
- Home health care facilities
- Long term care facilities

Program Instructor:

Nicole Neely
