## RESIDENTIAL/COMMERCIAL WIRING AND PLUMBING

The coursework of the Residential/Commercial Wiring and Plumbing Program is structured around the NCCER curriculum. The mission of this program is designed to help prepare students for the State Limited Licensed Plumber and Electrician Exams. The program is self-paced and is formatted so the student will spend extensive training in a hands-on environment. National Electric Code applications and safety are strongly emphasized. Actual wiring and plumbing of a mock duplex ensures realistic training experiences utilizing electrical and plumbing components.
